

DUAL-AXLE WATER TRAILERS

Control dust on every jobsite with this dual-axle, 510-gallon water trailer. Offering rear spray, fire and garden hose hook-ups and hydrant fill capabilities, this tough and durable water trailer is perfect for cleaning parking lots, heavy equipment, streets, and a host of other applications. Pair with a 2-inch semi-trash pump and tackle any job requiring portable water.

Shown with TX-0008, optional hard suction

MWT-0510-2MHD shown with TX-0008, hard suction option
